SHARP P601Q

A perfect solution for meeting rooms, museums, and higher education establishments, the P601Q is redefining large surface visual experiences.

- Outstanding picture quality – a whole new visualization experience with up to 4K UHD pixel-free resolution for large surface detail-rich information
- IP5X rated optical engine – protects against dust ingress for long lasting picture quality
- Advanced Colour Sequence Management – eliminates the colour breaking phenomena
- Professional and Flexible Installation – versatile projection characteristics allow for simple positioning of the projector, making installation easy and potentially saving set up costs
- No lamp replacement – up to 20,000 h maintenance free operation possible due to Laser Light Source
