The new AR-5618D is a fast, fully featured A3 MFP in a robust and compact design. This machine brings advanced functionality, impressive performance and a whole host of productivity features within reach of every small workgroup as they are ideal for all of your daily B/W printing, colour scanning and copying needs. The optional Network Expansion Kit enables high performance PCL printing via TCP/IP allowing you to print across the network in 600 x 600 dpi at speeds of up to 18 ppm. Copying is just as quick and easy as printing and a first copy out time of just 7,2 seconds will eliminate unnecessary delays from short print runs. This machine also comes with a built in A3 colour scanner allowing you to scan directly to popular office applications at the touch of a button. Scan to USB is available when the optional Network Expansion Kit is installed.
